4. Deodorising and sanitation of carpets at no charge (spray Sentinel).

Sir, Madam.

Our services begin at the Bronze level and continue through Silver to Gold. Each level provides a more superior service than the one before, and in fact, the price difference between the Silver and Bronze service in an average 3-bedroom home is only \$28.

All of our services begin with a thorough pre vacuum; this will remove up to 70% of the dirt and allow the steam clean process to be much more effective.

Our Bronze Service includes a thorough pre-vacuum, pre-spray of all carpets with neutral cleaner, hot water extraction and sanitation with deodorising (Sentinel) to complete the service.

Our guide is \$30 per room; this price will be confirmed by our Franchisee's on site as part of an obligation free quote.
